The Hauntingly True Tale of Timothy Tooth

READER BEWARE:

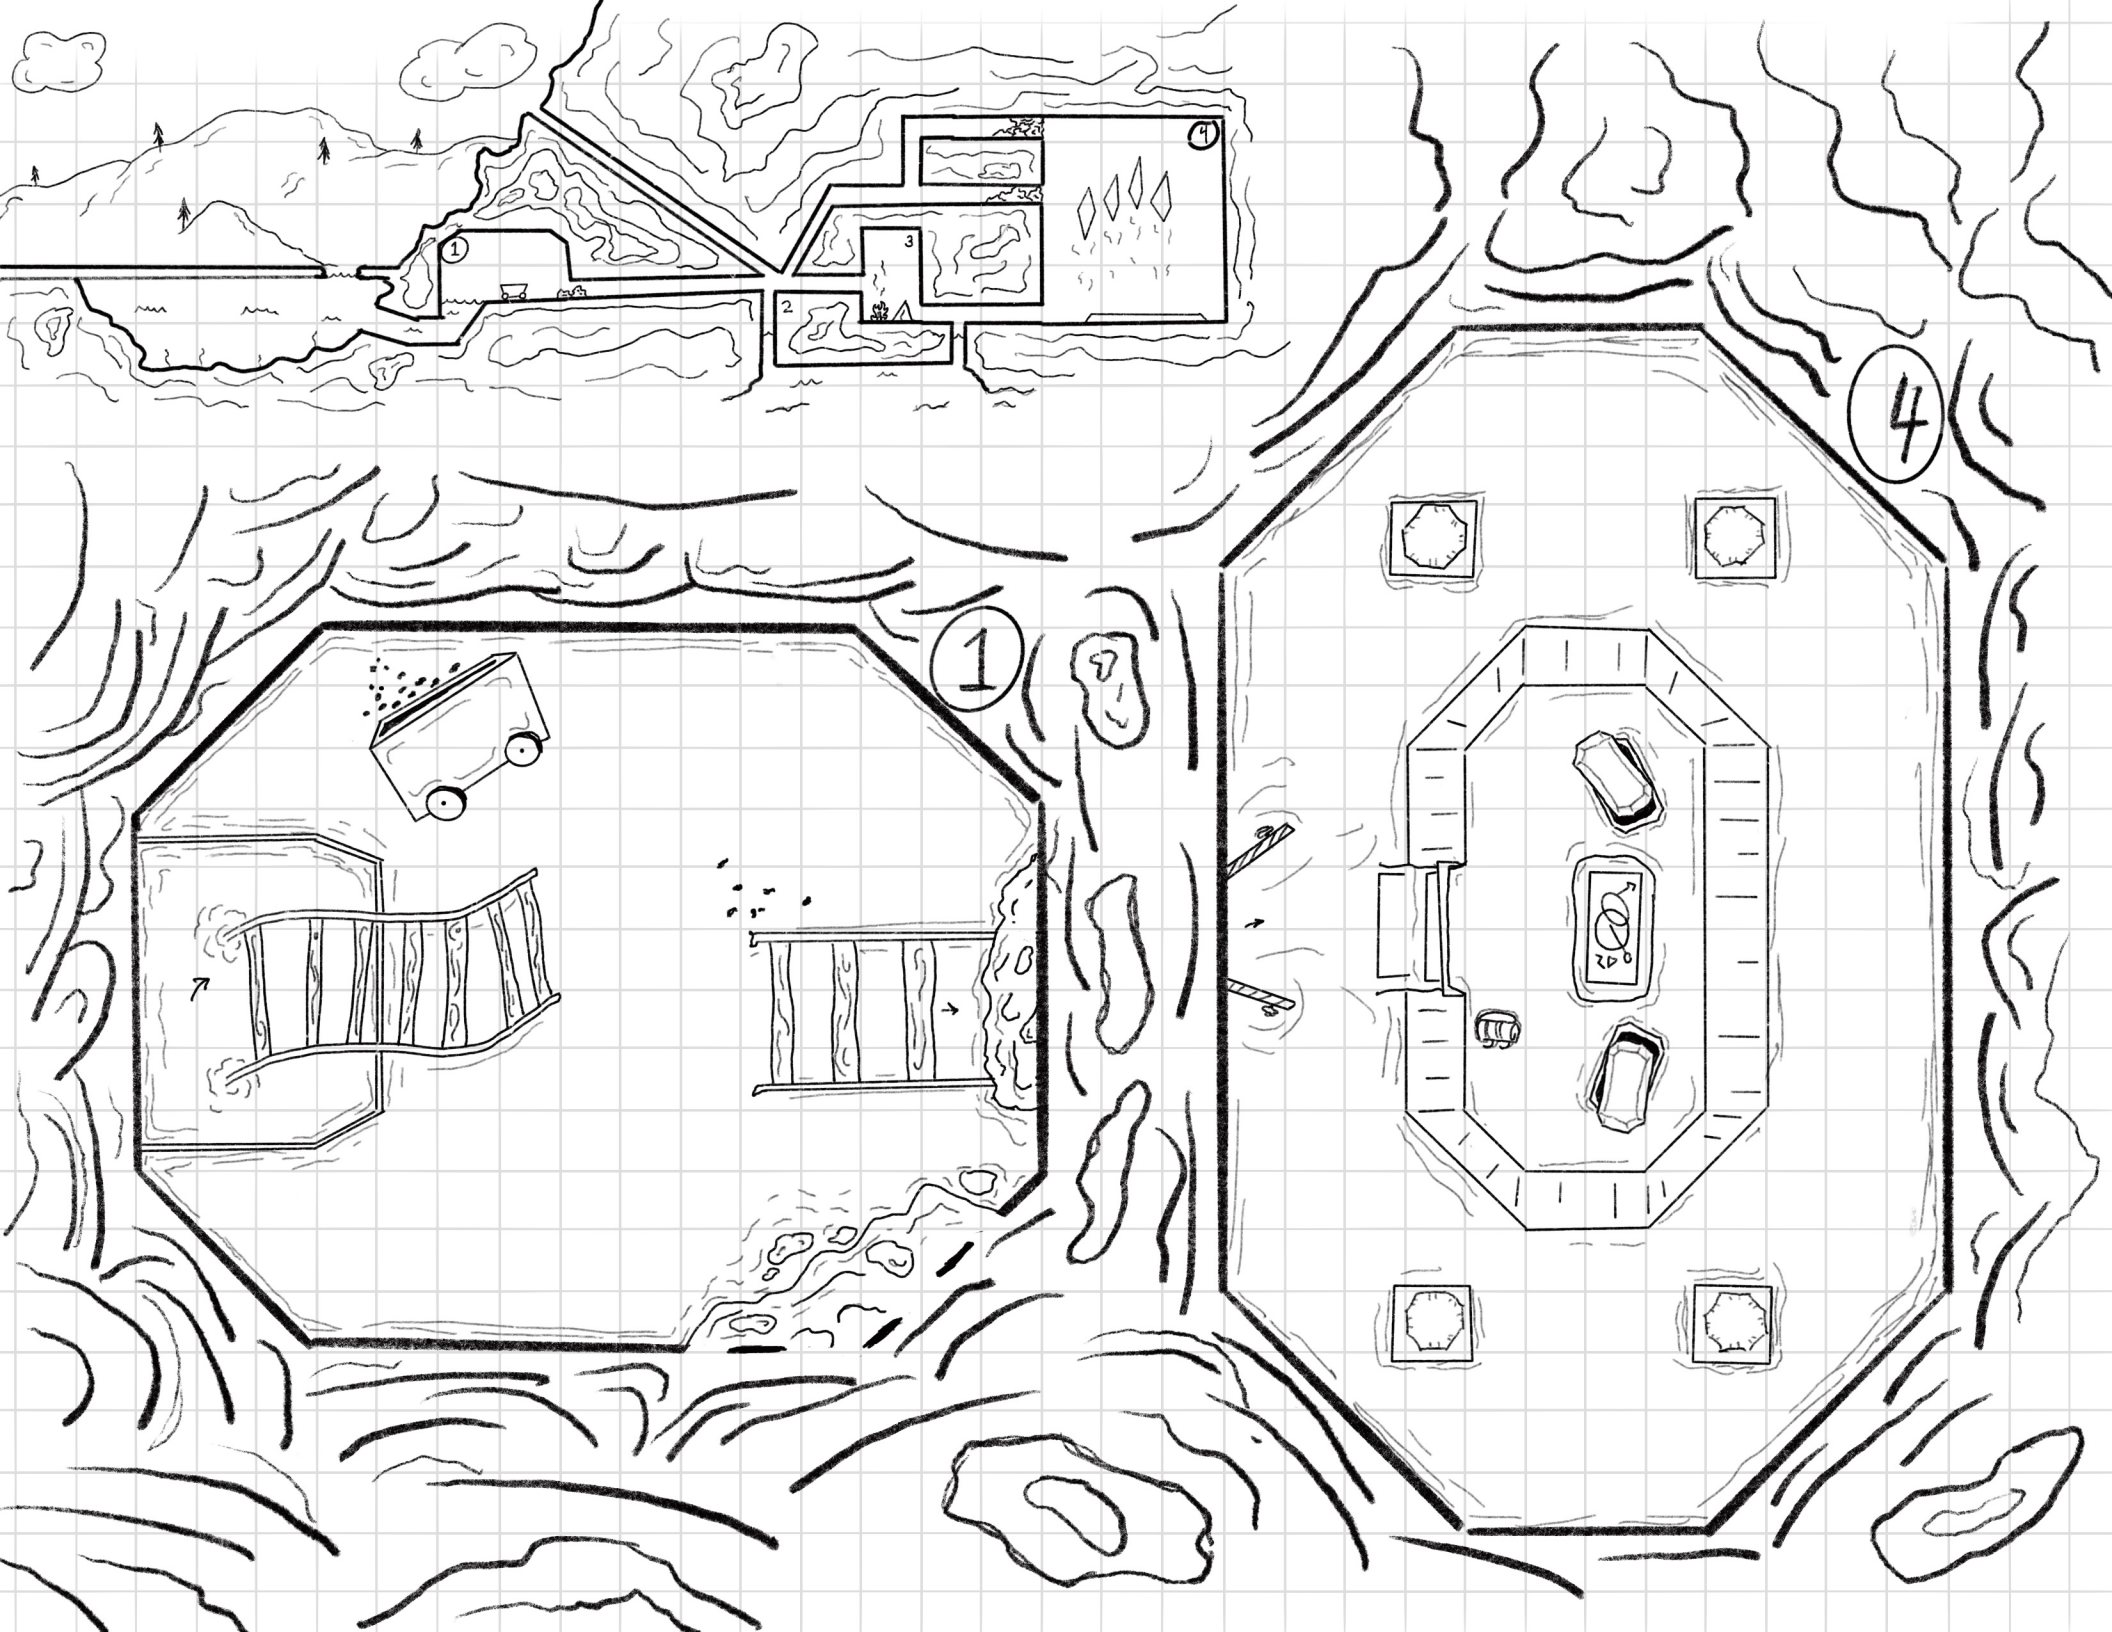

The secrets contained within speak of a history both grim and beautiful, for such was the life of the great Timothy Tooth, one of our century's most important, and consequentially most forgotten, authors.

Do not be deceived as to believing my own tale to be one of idle speculation or, worse, gossip. No, dear reader, I have inside knowledge, you see. This man, Timothy Tooth, while he seemed as ordinary as you or I, did not solely transcribe wonders onto the blank page . . .

He brought them to life.
